Adam Hacker is the Director and Head of Global Regulatory Affairs, Coalition of Epidemic Preparedness Innovations (CEPI). As part of his role at CEPI, Adam co-chairs the COVAX Regulatory Advisory Group, consisting of thirteen regulatory authorities, where regulatory issues related to COVID-19 vaccine development are discussed. Adam also leads all CEPI's regulatory activities around the 100-days initiative. He has more than 20 years of pharmaceutical industry experience in leadership roles extending from Regulatory Affairs to Quality and Medical Affairs, including 10 years at Janssen.
