E-mail: elena.x.fragapane@gsk.com

Elena holds a degree in Medicine and Surgery from the University of Siena and a PhD in Preventive Medicine. She joined pharma industry in 2001 and vaccine industry in 2004.

Throughout her career she has gained extensive experience in clinical research for a variety of viral and bacterial projects and since 2015 in vaccine development where she has been driving the strategy and execution of several *Neisseria meningitidis* vaccine projects promoting project-related innovation by leading cross functional integrated teams embracing all required components of the business such as Regulatory, Preclinical, Clinical Development, Technical Development, Manufacturing, etc

As vaccine development leader she has played a key role in the development of Menveo Liquid.
