

Dr Ivo Claassen  
European Medicines Agency (EMA)  
Head of Veterinary Medicines Division

He has over 30 years of experience in vaccine production, QC/QA, R&D and regulatory affairs, both for human and veterinary vaccines.

He has been a member of the Committee for Medicinal Products for Veterinary Use (CVMP).

He has developed and contributed to projects in Asia, Africa and the Middle-East on capacity building of institutional infrastructure for veterinary infectious disease control, providing support for local vaccine development and production. He has experience in managing multi-stakeholder projects and programmes on disease control, food security and antimicrobial resistance.
