

**Dr Ivo Claassen**  
**European Medicines Agency (EMA)**  
Head of Veterinary Medicines Division

Since 2018, Ivo is head of the Veterinary medicines Division at the European Medicines Agencies. He is co-chair of the EMA-HMA Task Force on Coordination of Implementation of the Veterinary Regulation. EMA plays a pivotal role in the development and implementation of the IT systems that will support the implementation of VMP-Reg 2019/6.

Ivo holds a PhD in virology obtained from Erasmus University, Rotterdam. He has over 30 years of experience in vaccine production, QC/QA, R&D and regulatory affairs, both for human and veterinary vaccines. He has been a member of the Committee for Medicinal Products for Veterinary Use (CVMP). He has developed and contributed to projects in Asia, Africa and the Middle-East on capacity building of institutional infrastructure for veterinary infectious disease control, providing support for local vaccine development and production. He has experience in managing multi-stakeholder projects and programs on disease control, food security and antimicrobial resistance.
