

Jean LOAEC

Actors4Health Board member

Jean spent his entire career in the Pharmaceutical Industry. After joining Nestlé as a Sector Manager for infant nutrition in 1980, he worked at Weyth Byla as a Medical Representative, then at MSD Chibret where he was in charge of Training for 4 years. He held the position of Regional Director for 4 years at Glaxo before joining Laboratoire Synthélabo as the Director of Medical Visits.

He developed the generic division IREX of the Synthélabo Group for 2 years and later joined Laboratoire Merck Génériques, Mylan, Viatris where he held various roles including Sales Director, Director of Commercial Operations, Director of Strategy and Innovation, and Director of Institutional Relations for nearly 30 years.

Currently, Jean is the Partnership Coordinator at Restos du Cœur to establish the Hygiene and Health Division. He is also the President of an association and serves as a Strategic Marketing Sales Advisor to Pharmaceutical Laboratories and supports Healthcare Startups.
