

**Jean-Yves Madec, MD, PhD**

Doctor in Veterinary Medicine,  
PhD in public health

Jean-Yves MADEC (JYM) is Doctor in Veterinary Medicine, PhD in public health (prion diseases), post-graduate on antimicrobial resistance (AMR) in human medicine, molecular microbiologist and research director at the French Agency for Food, Environmental and Health Safety (Anses). He is the Scientific Director of the AMR topic at Anses and Head Unit at Anses Lyon.

His research interests focus on molecular genomics and epidemiology of AMR in a One Health perspective and he is an active participant/leader in European/transnational research projects. He is the coordinator of the Resapath network monitoring AMR in clinical animals in France and provides senior level guidance, expertise and support to the implementation of the One Health National Action Plan on AMR in France, notably in the Agri-Food sector.

JYM is a member of several expert groups on policies and strategies on AMR at national and international level, in particular as former Vice-Chair, and then Chair, of the Scientific Advisory Board of the JPIAMR (2017-2021). JYM is also Head of the FAO Reference Centre for AMR attributed to Anses in 2020.
