Marc Verhagen, Ph.D. is the Head of Bioanalytics Mammalian US within the CMC Biologics Development organization at Sanofi, where he oversees analytical development activities to support Sanofi's pipeline. Before joining Sanofi, Dr. Verhagen served as the Executive Director of Analytical Development at Allergan, Inc., where he advanced various early- and late-stage biologics development programs and supported commercial products. He also held the position of Associate Research Scientist in the Department of Biochemistry and Molecular Biology at the University of Georgia. Dr. Verhagen earned his B.Sc. and Ph.D. in Biochemistry from the Agricultural University in Wageningen, the Netherlands.
