JaYoung Kim has been working at the Ministry of Food and Drug Safety(MFDS) since 2004, accumulating over 20 years of experience.

She currently serves as the Deputy Director of Drug Research Division, Pharmaceutical and Medical Device Research Department. Her primary responsibilities including the revising Korean Pharmacopoeia, drug standardization, and responding to public inquiries.

Previously, She spent more than 10 years in the review division, where she was responsible for evaluating the safety and efficacy data of new drugs and generics submitted by pharmaceutical company. She has also conducted research on risk assessment for drugs, including quasi-drugs and cosmetics.

In addition to her professional experience, Dr. Kim received her Ph.D. in Hygiene pharmacy and Toxicology from Ewha Womans University in 2011. She is also a licensed pharmacist in Korea.
